

THE OFFER

From concept
to MVP.
In 72 hours.

Here is exactly what that looks like.

Three days. *One product.*

- **Hour 0 to 24** scope, architecture, and a clear plan
- **Hour 24 to 56** build with specialist AI agents
- **Hour 56 to 72** test, polish, and deploy

WHAT YOU GET

A real, working *product.*

Not a slide deck. Not a Figma file. A deployed MVP your users can actually touch.

Already done it. *Three times.*

01	Nexa-Health Welbodi Hospital EMR.	IN UAT
02	Nexa-Logistix LMIS Supply-chain OS.	IN PRODUCTION
03	Sprout 4-pillar family app.	BUILDING

YOUR MOVE

Got an idea in
your *Notes app?*

DM me "MVP" and I'll send back a 72-hour build plan.

Follow for the build-in-public journey.
